What a friend Means to Me.
A friend is someone who can
help you in your work. She
can help tie your shoe.

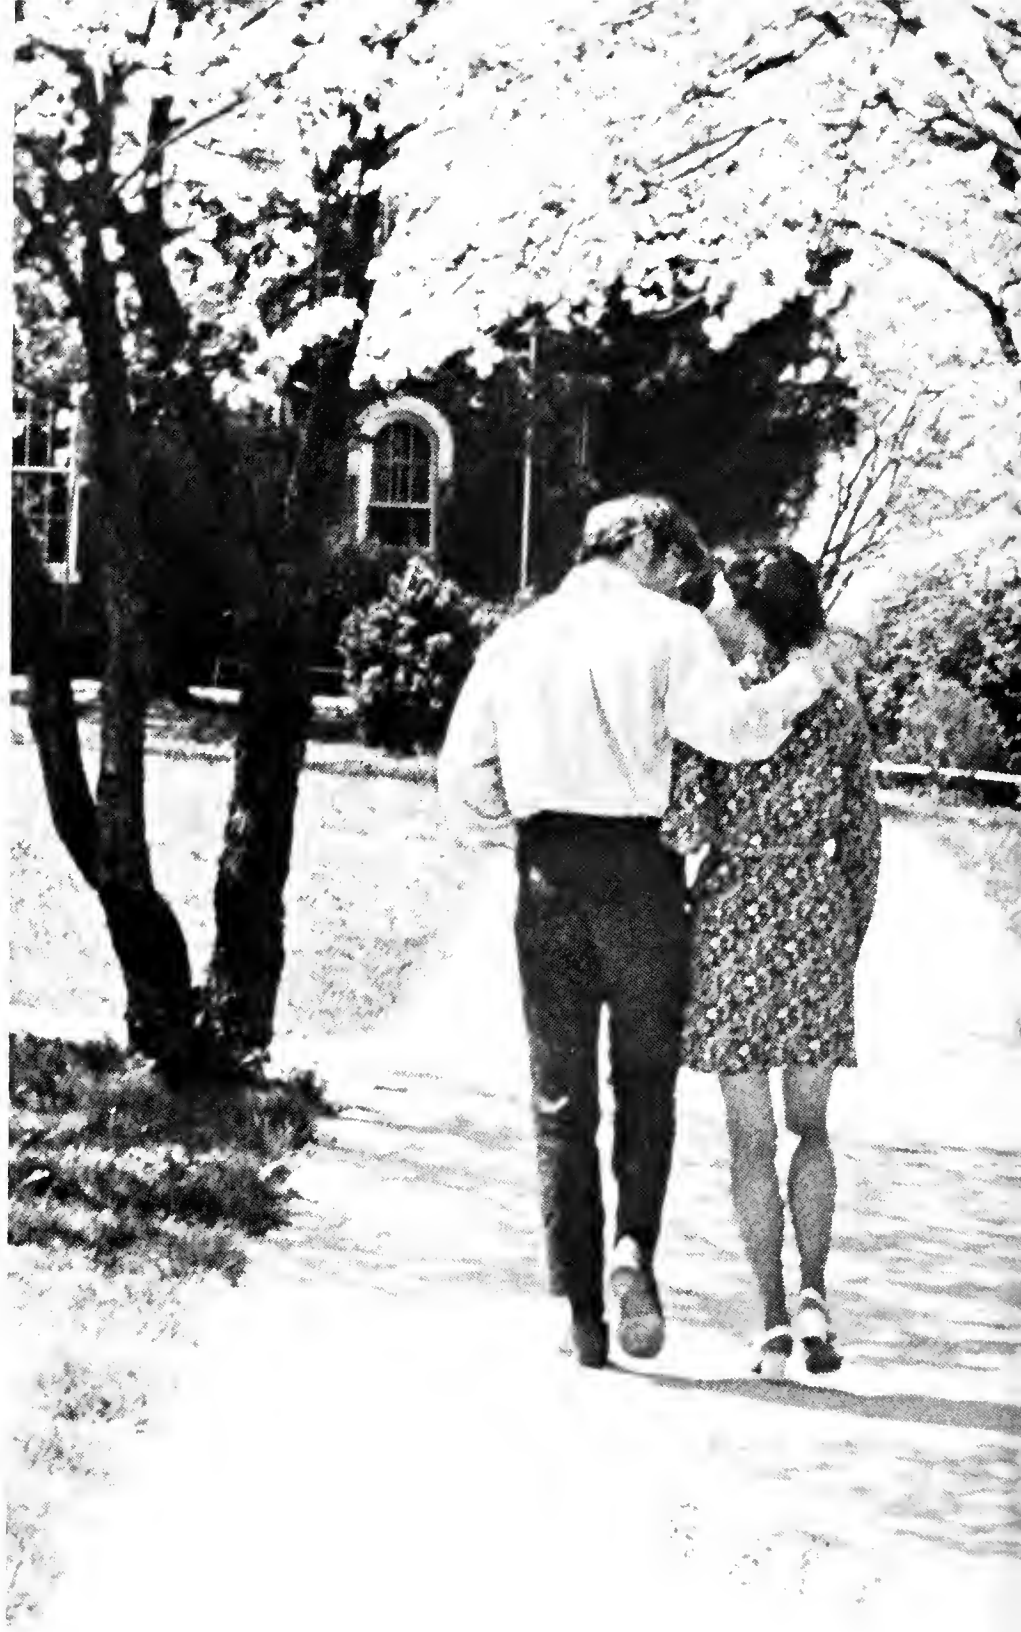

Friends do things for you
and make you happy.

Someone you like real good
You like him more than anybody
else. And he means that you are
one of his buddies. And you like
him a whole lot.

A friend is everything. Friends
can be any color too. No friends
is just alike. A friend could be
a puppy that loves you very much.

I have a real good friend.
When I don't have nothing
to eat with my milk he
gives me something. When he
ant got nothing I give him something.

A friend is like a playmate.
I would try to see him every day.
I will always remember my friends.

*I just think a friend
is good.*

Famous
People

Dr. Arda Walker

He wrote them to teach his people how to live — how to act in every circumstance, for he wanted them to be understanding, just and fair in everything they did. I want to make the simple-minded wise. I want to warn young men about the problems they will face. I want those already wise to become the wiser and become leaders by exploring the depths of meaning in these nuggets of truth.
